

Competence Delivery Center

User and Access Management Specialist (f/m/d) @ A1 Competence Delivery Center

What you do

- Perform daily and recurring IAM tasks such as user account creation, modification, and deactivation
- Assign and review group memberships and access rights in Active Directory
- Manage access requests and support provisioning across connected applications
- Document procedures and contribute to process improvements
- Support audits and compliance checks by ensuring accurate access records
- Collaborate with IT support and security teams to resolve access-related issues

What you offer

- Basic understanding of Active Directory concepts (users, groups, permissions)
- Detail-oriented and responsible when working with sensitive data
- Strong communication skills and a team-oriented mindset
- Willingness to learn and grow in the field of IAM
- Fluent in English (German is a plus)

Nice to have:

- Familiarity with IT ticketing systems (e.g., ServiceNow, Jira)
- Basic scripting skills (e.g., PowerShell)
- Interest in IT security and compliance
