

## Senior Finance D365F&SCM Functional Consultant

### Join Kodeqa – Drive Digital Transformation with D365FO!

Are you passionate about finance, technology, and delivering impactful D365FO solutions?

We're looking for a **Senior Finance D365FO Functional Consultant** to join our growing team on a full time basis. In this role, you'll lead end-to-end D365FO Finance implementations, collaborate with clients to solve their business challenges, and help shape the future of enterprise technology by following the 'Success by design'.

**Kodeqa** is a consulting firm specializing in Microsoft Dynamics 365 Finance and Operations (D365FO) implementations. We help businesses achieve digital transformation by delivering innovative solutions aligned with Microsoft's 'Success by Design' framework. Our focus on excellence has earned us a reputation for delivering outstanding results in regions such as Scandinavia, Benelux and DACH region. At Kodeqa, we foster a collaborative and growth-oriented environment, empowering our team to excel and drive meaningful impact for our clients.

### ***Role summary***

A key role in delivering D365FO solutions for our clients. Responsible for leading the design and configuration of financial processes within D365FO, ensuring solutions align with both client needs and Kodeqa's commitment to quality and excellence.

**Responsibilities:**

- Lead the design, configuration, and implementation of D365FO Finance modules (General Ledger, Cash and Bank Management, Fixed Assets, Budgeting, Cost Accounting).
- Collaborate with business stakeholders to capture and analyze finance-related requirements, ensuring alignment with business goals..
- Conduct user workshops, training sessions, and support UAT (User Acceptance Testing) activities.
- Advise on finance process improvements leveraging D365FO capabilities.
- Work with technical consultants to design and validate integrations with external systems.
- Prepare functional design documents, configuration workbooks, and user manuals.
- Support project planning, risk identification, and mitigation strategies in line with the Success by Design framework.
- Provide hyper care support post-implementation and help transition knowledge to support teams.
- Participating in internal team activities, meetings, knowledge share sessions

**Hard skills:**

- Proficiency in configuring and customizing D365FO finance modules. (GL, AP, AR, FA, Cash & Bank, Budgeting, Cost Accounting, and Project Accounting).
- Strong understanding of financial principles and experience in end-to-end business processes like Record-to-Report (R2R), Order to Cash (O2C).
- Knowledge and worked on Statutory accounts along with Commercial Chart of Accounts and able to collaborate with localization partner for statutory reporting which will be supported by Localization
- Practical experience with localizations in D365FO for Adriatic and Balkan region
- Experience with data management frameworks (DMF) for data migration and working with integrations.
- Experience with E-invoicing in Serbia, Croatia and Slovenia
- Experience of working with Comarch (preffered)
- Certifications: Dynamics 365 Finance Functional Consultant Associate (preferred).

**Soft skills:**

- Excellent communication skills for engaging with stakeholders and end-users.
- Ability to work effectively in a team environment including cross-functional team, technical consultants and business users.
- Strong analytical and problem solving skills.
- Proficient at leading workshops, managing stakeholder expectations, and driving decisions.
- Strong organizational and time management skills.

**Personality traits:**

- Takes initiative and anticipates potential issues before they arise.
- Focuses on accuracy and quality in deliverables.
- Organized, flexible, honest and transparent in communication.
- Takes ownership of tasks and meets deadlines reliably.
- Adaptability and ability to adjust to evolving business requirements.

**Behaviours:**

- Open-minded and collaborative person, providing team support.
- Continuously showing respect for colleagues, clients and partners.
- Proactively giving and openly receiving feedback.
- Demonstrating a high level of professionalism.
- Taking responsibility and actively seeking opportunities to learn and improve skills.
- Customer-focused mindset with a commitment to delivering high-quality solutions.

**Our offer:**

- Flexible work arrangements with remote and hybrid work options available.
- Team-building activities and networking opportunities.
- Knowledge sharing and conferences.
- Full time engagement from Monday to Friday from 9am-5pm CET.
- Flexible contract.
