

## SOFTWARE IMPLEMENTATION SPECIALIST (m/f/d)

---

### **We are looking for a Software Implementation Specialist to join our team in SKOPJE.**

Quipu is an IT consultancy and software development company, which provides comprehensive end-to-end solutions for banks and financial institutions, from electronic payments to software systems. We are a 100% subsidiary of ProCredit Holding, the parent company of a group of banks that specialize in providing financial services for SMEs.

Headquartered in Frankfurt, Germany, we are currently operating from 8 regional offices around the world - in El Salvador, Ecuador, Ghana, North Macedonia, Kosovo, Ukraine, Russia and Romania - enabling us to promptly address the needs of a global customer base.

As an international organisation, we value diversity and we are dedicated to a culture of growth and innovation, creating an environment where everyone can develop their skills and fulfil their potential.

#### **What your key responsibilities will be:**

- Support the work of Service Delivery and Application Support Teams related to Upgrades and Updates for Banking Software Systems, Applications and Tools; including configuration of the system in test environments
- Support improvement definitions for the usability of tools related to Quality Assurance and Quality Assurance Automation
- Participate in the incident management process focusing on: Application runtime environment, prerequisite components, application configurations and behavior, and environment performance issues
- Support the implementation projects, especially in preparing and documenting technical tests for different scenarios related to new or changed software applications

#### **Skills and experience we expect from you:**

- Degree in computer science or electrical and electronic engineering or automation
- Fluency in English language (spoken and written)
- Minimum 2 years of working experience
- Ability to work under pressure and establish priorities
- Strong in analysis and communication

**What we offer:**

- Excellent team-oriented, dynamic and international working environment
- Challenging, engaging and varied tasks
- Personal and technical skills development with certified trainings
- Modern workspace close to Skopje City Park
- Travel possibilities
- 25 paid vacation days
- Private health insurance
- Free parking space

*If you see yourself in this role, let us know in an e-mail, we would like to get to know you.*

*Send us your application including CV, motivation letter, salary expectations and Job ID 22013 at [joinus@quipu.de](mailto:joinus@quipu.de), by **08.04.2022**.*
