Currently, in our Controlling team, the following job position is opened:

CONTROLLING SPECIALIST

Job Description:

- Perform forecasting, budgeting and variance analysis, as well as data interpretation of business impact and results;
- Calculate variances from the budget and report significant issues to management;
- Monitoring and analyzing important parameters and indexes on daily basis.
- Preparation of the corporate annual, monthly and weekly reports;
- Establish scalable, efficient, automated processes for data analyses and cost controlling;
- Develop and on-going review of existing reporting tools and templates in order to adapt to changing business requirements;
- Collaborating on the enhancement and creation of new controlling procedures and tools.

Required qualifications:

- Minimum Bachelor's degree in Finance, Accounting, Business or Engineering;
- Previous experience of at least 3 years in a comparable position is highly expected.
- Advanced proficiency in MS Excel (e.g. using pivots, lookups, and so on);
- Strong analytical and mathematical skill;
- Good communication and organization skills;
- Languages: Macedonian and English;

Additional qualifications:

- Ability and desire to work in a team;
- Flexibility, adaptability and ability to work in a dynamic environment;
- Self-initiative and dedication;
- Instinct for problem recognition and solution.

If you want to become part of our team and you wish to learn new things, send your short resume to kariera@makstil.com.mk, with an indication of the position you are applying for, no later than **07.04.2024**.
